

GOING ON A TRIP?

Before you pack your bags, make sure you're good to go!

Whether you're traveling for business or leisure, you want the right medical advice for your destination, activities and health status. Our travel consultations available to our enrolled patients will ensure you have a safe and problem free trip.

HOW TO PREPARE:

Before booking an appointment please complete the attached questionnaire and return to Lincoln Medical either in person or by email to info@lincolnmedical.co.nz

Based on the information provided we will assess the vaccinations and/or preventative medications required for your trip and advise you accordingly. (A \$50 administration fee applies).

We require prepayment of vaccines and will order vaccines on receipt of payment. Once we have received your confirmation (and payment) you are able to book an appointment with our nurses for vaccination (Please allow up to 20 min additional wait time post vaccinations).

You can receive some or all of the recommended travel vaccinations the day of your consultation or return to complete a recommended series. For example hepatitis A is a series of 2 injections that need to be given at 2 separate visits.

Depending on your travel plans you may also require a GP/NP consultation to issue prescriptions. If this is needed our nurses will advise you accordingly and book the appointment for you.

COST:

\$50 Administration Fee

Plus costs of vaccines as per recommendation

Plus cost of GP/NP consultation if required

TRAVEL ASSESSMENT FORM

Name:		Date of Birth:	
		Male <input type="checkbox"/> Female <input type="checkbox"/>
